

PanGottic
Circus-Theatre

presents

Full Twist

Outdoor Technical Rider

Space:

- Minimum performance space: 6m depth x7m width.
- A wall or back for the space is ideal but not essential.
- Performance surface should be a hard, flat surface.

Sound:

- The company tour with a battery powered PA (For audiences of more than 300 people a PA will need to be provided).

Lighting:

- Minimum lighting (general wash) if required for evening performances.

Other Requirements:

- For multiple performance dates secure overnight storage is required. Items to be stored: 2x Adapted Garment Rails (1.5m W x 2m H x 0.5m D), 1x Table, 2x Chairs.
- A clean, warm, dry space to change and warm-up.
- Set up/build time – 30 min.
- Get out time – 30 min.
- Minimum time between shows – 1.5 hours.

Please do not hesitate to contact us if you have any queries.
